Customer Copy

Short

Wirelessly stream your personal media and the best of the Internet to your TV in Full-HD 1080p with the WD TV Live streaming media player.

Medium

Wirelessly stream the latest movies, hit TV shows, Internet entertainment, and your personal media collection to the biggest screen in the house. With the WD TV Live streaming media player, you can enjoy it all in the comfort of your living room in Full-HD 1080p.

Long

The best of the Internet on your HDTV – Stream hit movies, catch up on TV shows, stay connected to your social network, and watch highlights from the biggest games of the season. Don't settle for online entertainment on your small computer screen. With the WD TV Live streaming media player, you can enjoy it all on your HDTV.

Your media collection belongs on the big screen – Enjoy your media library, home videos, vacation slideshows, and favorite songs on your HDTV and sound system in your living room. Sit back and enjoy the spectacular picture quality of Full-HD 1080p.

Play virtually any media file format – The WD TV Live streaming media player supports a wide variety of the most popular files including MKV, MP4, XVID, AVI, WMV, and MOV video formats. Get the freedom to enjoy your media now, in virtually any file format.

Ready, set up, stream – So easy to set up, you'll be up and running in minutes. The WD TV Live streaming media player connects to your high-speed Internet connection wirelessly, no PC required. Or use the Ethernet port to connect to your wired home network.

High-performance, streaming-ready Wi-Fi™ – Includes the latest wireless technology— extended-range Wireless-N— giving you the speed you need to stream HD.

Play media from any source – Stream videos, music, and photos from your USB drive, network drive, and any PC or Mac computer in your home. Our media library collects the content from all the drives, so finding the perfect video, song, or photo to view is easier than ever.

Show photos and movies directly from your digital camera or camcorder – Connect your camcorder or digital camera directly to the media center and instantly view or archive HD video and photos without a PC. Works with any digital imaging device that supports Picture Transfer Protocol.

Bring the arcade to your HDTV – Swap gems with Rockswap, try your luck with Texas Hold'Em, or test your math skills with Sudoku. WD TV Live brings casual games to your big screen TV.

Stay updated with RSS feeds – Stay posted on your favorite bloggers and websites and stream the latest audio and video with timely RSS feeds. You can also add specific feeds to your dashboard to be shown as tickers so you never miss a thing.

Programmable remote – Use the included programmable remote control to make your entertainment choices using our crisp, animated navigation menus. Customize buttons for quick and easy access to your favorite music, photos, videos or menu choices.

Use your keyboard for easy searching and updating – Use the on-screen keyboard or attach your wired or wireless USB keyboard for easy text input. Perfect for searching videos on YouTube or updating your status on Facebook.

Automatic play – Select your favorite song, movie, or photo slideshow to automatically play when the device is turned on. Perfect for living art on your HDTV or for digital signage.

HDMI and composite video output – The HDMI port lets you connect to the highest quality HDTV or home theater. Additional composite (RCA outputs) ensure compatibility with virtually all television sets.

SPDIF digital output – The optical audio output sends digital signals to your AV receiver for the best surround sound experience.

Ultra-compact design – Cool and quiet, this compact system integrates perfectly into your entertainment center.

Advanced functions for power users.

- Audio lip sync adjustment to match with playing video
- Subtitle color, position, and timing adjustment
- Password-protected parental controls for specific online services
